

Our Boraimhe Dental Practice Dental Plan

Our aim is to provide high quality care and treatment in a relaxed, comfortable and safe environment. We are committed to continuing education and keeping abreast of advances in modern dentistry. To ensure we maintain the high standards our patients have come to expect it is becoming increasingly important for us to accurately match the number and the needs of our patients to the resources we have available.

Research shows that preventive dentistry delivered on a regular basis greatly reduces the risk of dental disease and provides a platform for a lifetime of improved oral health. We encourage such an approach and with this in mind we have designed our dental care plan to reward loyal patients, allowing us to plan your dental care more effectively, to provide the best chance of keeping you dentally fit and to reduce the need for future treatment.

When you join the plan, you will have the peace of mind that all your preventive dental care will be covered by convenient monthly payments. Our plan also provides worldwide Supplementary Insurance for dental emergencies or dental injuries whilst at home or abroad (see overleaf).

Your benefits

- all your preventive dental care is included
